

JV090028

Stainless Steel High Pressure Ball Valve

BSPP, BSPT or NPT Threaded

A compact and versatile ball valve with a stainless steel body from bar stock suitable for a wide range of high pressure isolation applications.

The quarter turn operation in conjunction with the POM seats provides fast positive isolation.

Approvals, Features & Benefits

- Lightweight & economic
- POM seats
- Reduced bore
- Lever operated
- Suitable for high pressure

Pressure & Temperature

Pressure range :-
400 Bar

Temperature range:-
0°C to 40°C

SIZE	1/4	3/8	1/2	3/4*	1*
L	70	72	85	98	115
